Keep fresh

About us

30

30 Advanced production devices from Germany

88

A core technical team of 88 people, integrating research and production operations

39

Certified through 39 domestic and international certifications, including QS and ISO

100000

100,000-level cleanroom

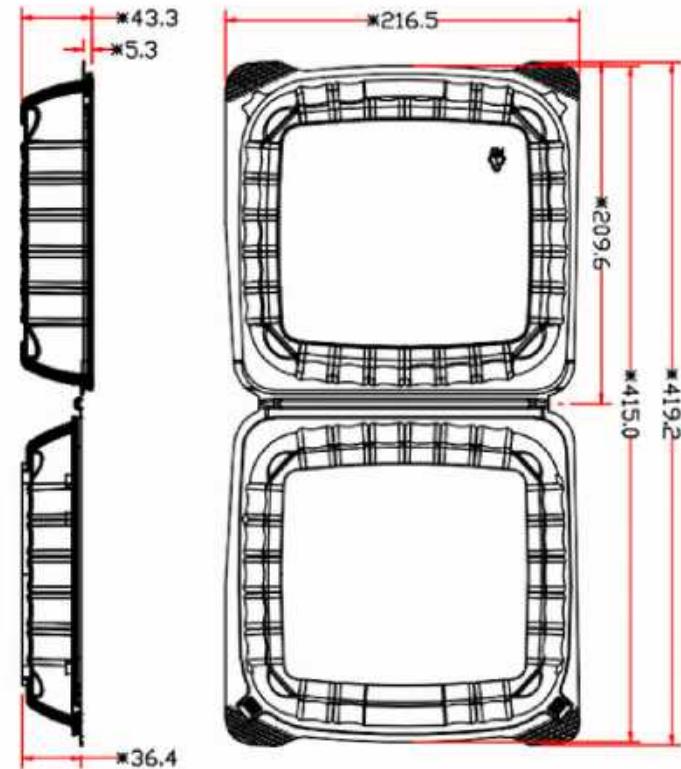

20000

Warehouse can accommodate 20,000 cubic feet of finished products

Our advantages

- 1** Free for samples, free for design, even free for making new molds
- 2** ISO 9001 /ISO 14001 quality standard
- 3** Save your shipping cost, the same container, we can pack more
- 4** Annual production capacity is more than 1 billion pieces

Base Colors

Other Colors

Custom Colors are available upon request.

Colors shown may vary slightly from the actual product.

Recommendations

Food packaging varies based on customer needs. Confirm your specific food items before purchasing. We have PET packaging boxes suitable for storing cold foods (such as salads, fruits, vegetables, pastries, nuts, etc.), kraft paper containers, PP containers, bagasse containers, etc., for storing hot foods. If you need food that requires baking, you can choose CPET food packaging containers.

Minimum Orders Information

For details on minimum order quantities or for any other additional information, Please contact our sales staff.

Materials

Our product materials include PET, CPET, RPET, PP, PS, OPS, kraft paper, corn starch, bagasse, etc. For more information, please refer to this catalog.

Customization

Please courier your samples to us, or provide drawings/sketches. We'll design 2D and 3D models based on your requirements. Once approved by you, we'll proceed to make the sample. Upon confirmation of the sample, we'll commence mass production.

Project?

Not sure you found what you need?

Need a custom design?
